Here's the mailer with last budget for your review. Its the final draft unless there's revisions that are critical. Please reply with your vote in the affirmative or suggested changes..thanks for all the hard work--I hope we have it.

Tom, do you have time to show or discuss with Boyd? o we can get his vote too? I can call him if you want.

Thanks, Clifford

The newsletter looks great. I have shared a couple of editorial comments with Cliff on spelling and a dollar sign for the 10000 we got back from Carpenter. The budget was not included in his email but all but Boyd should have it from my last email after I added \$5000 to the contingency amount.
